ABOUT US

Since our establishment in 1981, we have remained steadfast in our commitment to the electronics market with unwavering expertise and unbridled commitment to excellence. We have been operating in the Indian torch light market since 2018 with our flagship brand name **POWERLINK SOLAR**, a culmination of our extensive experience and valuable feedback from our esteemed customers.

At **POWERLINK SOLAR**, our primary mission revolves around providing high quality, durable products at affordable prices. Our vision is elegantly simple: to conceive, create and deliver the perfect torch to meet the diverse needs of the Indian people.

Our ambition is to rise to the pinnacle of India's torch industry, renowned for our innovation, manufacturing process, quality assurance and unwavering commitment to customer satisfaction. We operate with a firm long-term perspective and always eagerly comply with the evolving demands of our esteemed customers.

POWERLINK SOLAR, India's leading torch light brand, has ambitious plans to position India as a hub for high impact torch light products. With over four decades of experience in the electronics manufacturing industry, we have established an empire of exceptional products to meet ever-growing market demands.

Our visionary company is committed to providing the right product, at the right price, with the right quality to meet the diverse needs of the people of India. This initiative arises from the persistent shortage of quality products and experienced professionals in the industry. Based on our firm commitment to provide 100% purchase security, genuine products and a hassle-free return process, we pride ourselves on offering the best torch lights at competitive prices.

With Regards,
MANMOHAN SINGH
Founder & Chairman
